To Whom It May Concern,
Subject: Lee Malvo

I would like to take this opportunity to support Lee Malvo in his desire to return to school at Bellingham High School. I have been able to get to know Lee quite well over the past few months and believe he can, and will continue to do well as a student here at B.H.S.

Lee entered Bellingham High in the beginning of November. I noticed him in his classes the first couple of days working exceptionally hard. It was apparent to me that he wants to make the most of his opportunity to learn at this school. He came with transfer grades and seemed to hit the ground running. His teachers across the board note that he has applied himself and was working hard in his classes.

In speaking with Lee about his background and transfer credits, he was always very respectful and willing to do whatever was necessary to take care of matters. Though we have been unable to get official transcripts from his former schools, this did not take away from his effort to attain credit here in Bellingham. I have truly appreciated his "can do" attitude. I value his determination and respect his commitment to getting his work accomplished in spite of the fact that he was/is in a difficult situation.

I support Lee's return to school and would be glad to assist in the process if at all possible. If you have any questions about this, feel free to call me at (360) 671-9361.

Sincerely,

✓ Steve Clarke
Principal
